

MISSION BURRITO ALLERGEN & DIETARY REQUIREMENTS GUIDE

NUTS/ALLERGENS We prepare and cook in an open kitchen environment and currently use allergens throughout our menus. Although care is always taken, we cannot guarantee there is no cross contamination of products in any of our dishes. We do not have separated preparation areas for allergenic ingredients. In addition, our external suppliers cannot guarantee that supplied products are 100% allergen free. Supplied products may have been produced in an environment where allergens are used or handled.

If you have a food allergy or intolerance please let your server know before you order.

VEGAN AND VEGETARIAN Those following a vegetarian diet should avoid our meats and vegans should avoid our meats, cheese & sour cream. Our sautéed vegetables and butternut & black bean vegan chilli, rice, beans, salsas, chips and guacamole are vegetarian and vegan. Our server will be happy to change their gloves before serving your vegetarian or vegan meal.

HALAL Our chicken is from a Halal certified supplier and is pre-stunned in accordance with the British Halal Food Authority. Please note that our chicken is prepared and served in a kitchen where non-Halal products are also prepared.

^{*} Although corn tacos do not contain gluten, they are heated on a grill which is used for flour tortillas and tacos. Though every care is taken, trace elements of whet may be present.*
